

ADVANCED HORSEMANSHIP

Welfare and Safety of the Racehorse Summit
&
North American Racing Academy

HIGHER EDUCATION BEGINS HERE

NORTH AMERICAN RACING ACADEMY

As an international equine industry workforce provider, NARA has expanded its curriculum to offer online coursework in:

- Racehorse Care
- Equine Nutrition
- Introduction to the Racing Industry
- Equine Business & Legal Principles

- Equine Physiology

Providing online education allows

- Lameness in Racehorses

our students to continue their

- Introduction to Commercial Breeding

studies whenever and wherever

- Equine Health & Medications

their career goals take them

GRAYSON-JOCKEY CLUB & NARA ALLIANCE

*In 2014, the Grayson-Jockey Club & NARA aligned on the collaboration and production of **free** online educational programming available to all racing jurisdictions, licensees, and anyone interested*

HIGHER EDUCATION BEGINS HERE

DEVELOPMENT & CONCEPT

Continuing Education Goals

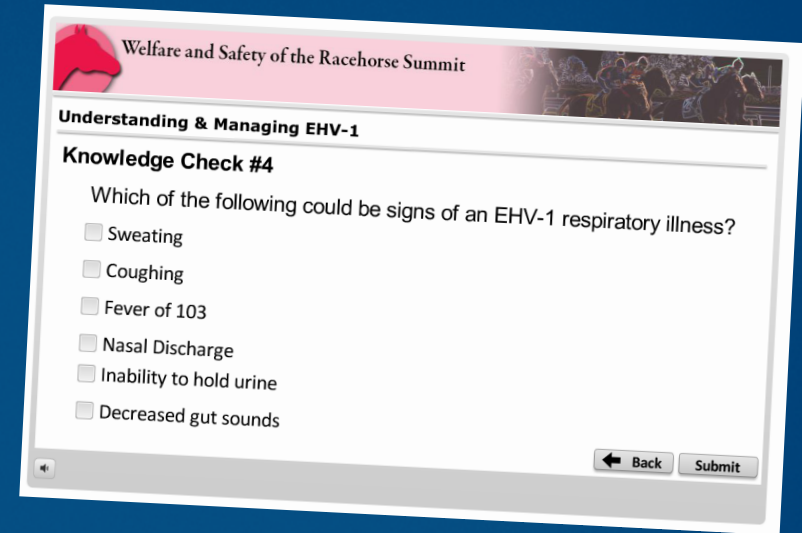

- Produce content that is:
 - Relevant
 - Interesting
 - Useful
- Track course completion
- Provide licensees a simple way to notify commissions about completion
- Make it easy for jurisdictions to identify course completion

DEVELOPMENT & CONCEPT

Course Development

- Courses work on a “Click & Learn”, “On-Demand” design
 - Users can access content whenever, wherever with a computer & internet connection
 - “Click & Learn” style encourages users to engage while completing required tasks:
 - Click a button
 - Watch a video
 - Do a Self-Knowledge Check

- In order to fully complete a course a user must complete **all** the required actions
 - About 1 hour in length

UNDERSTANDING & MANAGING EHV-1

Welfare and Safety of the Racehorse Summit

Understanding & Managing EHV-1

What is EHV-1?

EHV-1 stands for **Equine Herpes Virus-1**

EHV-1 is one of the most common herpes viruses capable of infecting horses.

There are **four** types of Equine Herpes Virus, but EHV-1 is the only type that is responsible for causing the neurological aspects of the disease.

Click the boxes below to learn about the types of Equine Herpes Virus.

TRACKING & SUBMISSION

End Result

The last “slide” of a course is a submission form page that users fill out and submit to selected racing commission(s), notifying them of course completion

By restricting a user’s ability to progress through a course, reaching the submission form means they have successfully completed course requirements

Users cannot jump ahead or access this form outside of the course

UNDERSTANDING & MANAGING EHV-1

The screenshot shows a web interface for a course titled "Understanding & Managing EHV-1". At the top, there is a header with a horse head icon and the text "Welfare and Safety of the Racehorse Summit". Below this, the course title "Understanding & Managing EHV-1" is displayed. The main content area contains a form for verification, with the instruction: "To verify completion of this course, please fill out the fields shown below (required)." The form includes three input fields: "Full Name *", "Email Address *", and "Module Name *". The "Module Name *" field is populated with "Understanding & Managing EHV-1 (202)" and has a refresh icon. Below these fields is a "List *" section with a vertical scrollbar and a list of 12 racing commissions, each with an unchecked checkbox. A red box highlights a "Give" button on the right side of the page. At the bottom right, there is a "Back" button. A sidebar on the left contains a navigation menu with links such as "Under", "Refe", "To read and find", "KY Dep", "Can Var", "USDA C", "UC Dav", "Blood-H", "Progres", and "Avoiding". A speaker icon is visible at the bottom of the sidebar.

Course Location & User Access

COURSE WEBSITE

- Advanced Horsemanship courses are located at <http://courses.grayson-jockeyclub.org/>
- To access courses, users must create a user account:
 - Simple registration process
 - Support documents available to assist users
- Currently 3 courses are available:
 - Understanding & Managing EHV-1
 - The Hoof: Inside & Out
 - Understanding the National Uniform Medication Program

LOOKING AHEAD

Goal is to provide four new Advanced Horsemanship courses every year

Potential topics include:

- Equine Health
 - Bone Physiology & Development
 - Medications
- Business Principles & Practices
- Immigration / Temporary Foreign Worker Visas

As users begin to access course content, we will continually review areas for improvement to make continuing education a seamless and user-friendly experience

Thank You
