## Projects Funded In Florida

### University of Florida

#### *Pre-1995*

Evaluation Of Protection Afforded By An Anti-Idiotypic Vaccine Against Endotoxin

Rapid Screening Test To Detect Passive Transfer Of Immunoglobulins In Foals

Steroid Hormone Uterine Secretions And Embryo Survival

The Springtime Anovulatory Follicle: Regulation And Clinical Management

Scintigraphy To Document Mechanical And Lymphatic Clearance Of Uterine Contents

1999 Placentitis: Pathophysiology, Diagnosis And Treatment

2000 The Insulin-Like Growth Factor System And Stallion Infertility

2004 Effect Of Fentanyl On Visceral & Somatic Nociception In Horses

2005 Treatment Efficacy On Pregnancy Outcome In Equine Placentitis

2007 Gene Expression Profile Of Equine Endometrium

2007 Seminal Plasma Proteins SPPA And SPPB In Equine Semen

2010 Systemic Effects Of Analgesic Combos In Horses

2012 Pharmacokinetics Of Ceftiofur Sodium In Equine Pregnancy

2014 Anhidrosis In Foals Treated With Macrolides

2015 Firocoxib Properties In Equine Pregnancy And Placentitis Part 1

2018 Firocoxib Properties In Equine Pregnancy And Placentitis Part 2

2020 Effect Of NSAIDS On Anion Transport In The Equine Colon

2021 Mitigation Of Equine Recurrent Uveitis Through SOCS

2025 Characterization Of Laminitis Using PET

2025 Characterization Of Antibodies Against Equine IL-31
