

## **TABLE TWO — AVERAGE NUMBER OF STARTS PER STARTER**

### **Criteria:**

**Stallions that stand or stood in North America**

**Stallions whose first crop was foaled in 1995 or later, which have at least three crops of foals three years old or older, and which have at least 100 foals of racing age.**

**Statistics include racing in Northern Hemisphere (excluding Japan)**

**Current two-year-olds are excluded from all statistics**

**Stallions with identifiable stud fees as of 2005 or later. (Even if now deceased a stallion which stood in 2005 likely will have yearlings of 2007)**

**Stallions with a lifetime average starts per starter of 20 or more. National average fluctuates around 16 average lifetime starts per foal for recent crops.**

**Average Starts per Starter (excludes current year 2 year olds)**

(7/3/07) (minimum 20 starts per starter)
